HAKKIMIZDA

İş makinaları, otobüs, kamyon, kamyonet ve otomobil şanzımanları ve diferansiyel dişileri imalatında uzmanlarıyla dikkat eken CiMAK, siz değerli müşterilerinden gelecek tüm özel siparişlere cevap verecek şekilde imalat portföyünü genişletmiştir. Otomotiv yan sanayiinde vazgeçilmez değere sahip aktarma organlarının üretimini gerçekleştiren CiMAK, "kalite"ye verdiği hassasiyet dolayısıyla iç ve dış piyasada tercih edilen markalar arasında yer almaktadır.

ABOUT US

Drawing attention with its experts in the production of construction machinery, buses, trucks, pickup trucks and automobile transmissions and differential gears, CiMAK has expanded its manufacturing portfolio to respond to all special orders from our valued customers. CiMAK, which manufactures powertrains that are indispensable in the automotive sub-industry, is among the preferred brands in the domestic and foreign markets due to the sensitivity it gives to "quality".

о нас

Привлекая внимание своих экспертов в области производства строительной техники, автобусов, грузовиков, пикапов, автомобильных трансмиссий и дифференциалов, CiMAK расширил свой производственный портфель, чтобы выполнять все специальные заказы наших уважаемых клиентов. CiMAK, производящая силовые агрегаты, незаменимые в автомобильной подотрасли, входит в число предпочтаемых брендов на внутреннем и внешнем рынках из-за особого внимания к «качеству».

A large yellow Arion tractor is shown from a three-quarter front view, operating in a field. The tractor has a red and white 'CLAAS' logo on its side. It is pulling a large, yellow, cylindrical agricultural implement, likely a grain header, which is also branded with 'CLAAS'. The background consists of a field of tall, golden-yellow crops, possibly wheat or barley, under a clear sky.
